

NDIS School Leaver Employment Supports Outcomes

January to December 2024

The National Disability Insurance Agency (NDIA) has released the outcomes data for School Leaver Employment Supports for the period from January to December 2024. The NDIA publishes this data every 6 months to enable NDIS participants to consider performance when choosing a provider.

Any cell with a count of 1 to 7 shows as <8 to protect the identity of the participants. Where no outcomes were reported in the outcome category, the cell has been marked 0.

There were 276 providers. There were 14 providers who reported assisting 8 or more participants into open employment. Between them, these 14 providers were responsible for 264 (54%) of the 493 participants achieving open employment across Australia.

The data can be found at: <https://www.ndis.gov.au/providers/working-provider/delivering-capacity-building-employment-assistance/provider-reporting-and-resources#provider-quarterly-report-school-leaver-employment>
